PADOVA 2024

34th EUROPEAN
CRYSTALLOGRAPHIC MEETING

SPONSORSHIP & EXHIBITION
OPPORTUNITIES

26-30 AUGUST 2024

PADOVA, ITALY

WWW.ECM34.ORG

WELCOME MESSAGE

On behalf of the European Crystallographic Association and of the Italian Association of Crystallography – AIC, it is our pleasure to introduce you the sponsorship and exhibition opportunities of the 34th European Crystallographic Meeting.

The meeting will be held at the new Padova Congress, in Padova - Italy, from 26th to 30th of August 2024.

The ECMs are the main meeting point for crystallographers in the ECA area to show their recent research, and ECM34 in Padova will be the first ECM to follow the 26th IUCr Congress in Melbourne (IUCr 2023). The scientific program jointly organized by all the ECA Special Interest groups (SIGs) provide the ideal update in all fields of crystallographic research and education. The synergy between ECM34 and the EPDIC18 conference will represent the ideal forum to present and discuss developments of all aspects of crystallography.

On behalf of the European Crystallographic Association (ECA) and of the Italian Association of Crystallography (AIC), we look forward to meeting you in Padova in 2024 for ECM34.

If the items listed in the sponsor packages do not suit your current objectives, we will be delighted to discuss how we can assist you in building a package to please your needs. We will make all efforts to ensure that your investment leads to a successful experience.

EPDIC18 will be held at the same venue as ECM34 from 30th August to 2nd September 2024.

Special reduced packages are being offered to sponsors supporting both ECM34 and EPDIC18. Until November 15th, priority will be granted to Companies sponsoring or exhibiting at both events.

ECM34 Chair

Giuseppe Zanotti
ECM34 Chair

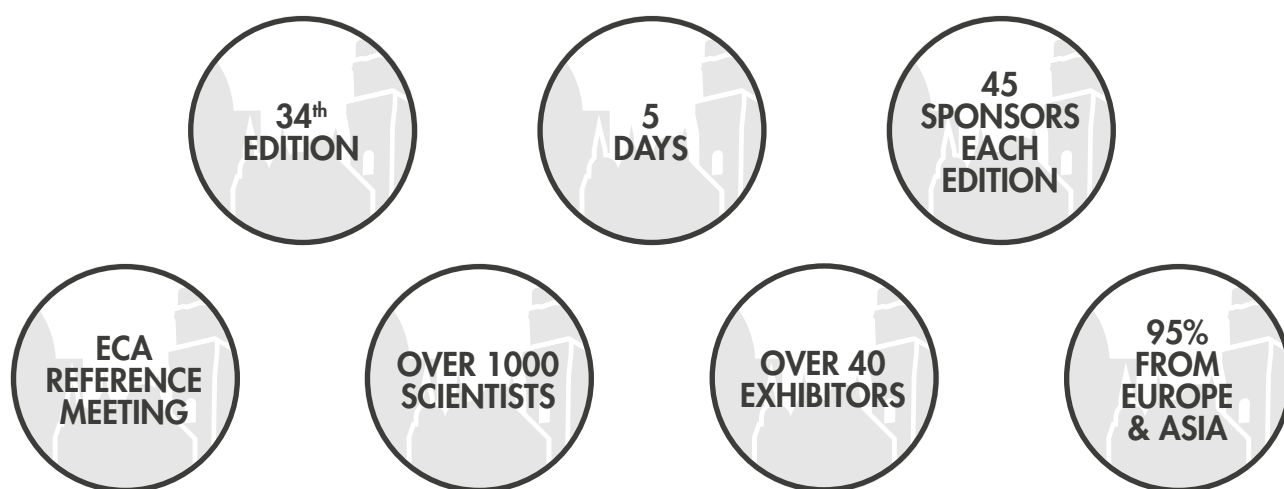

Supporting ECM34 is definitely a great way to market your Company and boost your branding.

1. **Launch products and present innovations to the crystallographic community at large.**
2. **Strengthen your bond with existing customers and meet future customers.**
3. **Expand your network and strengthen your reputation.**
4. **Meet and interact with international experts in the field of crystallography.**

KEY FIGURES

TOPICS

The ECM34 Conference is soliciting presentations and communications describing significant findings and new developments in the following areas:

1. **Macromolecular crystallography**
2. **Quantum crystallography**
3. **Aperiodic crystals**
4. **Electron crystallography**
5. **Mineral and inorganic crystallography**
6. **Instrumentation and experimental techniques**
7. **Powder diffraction**
8. **Crystallographic computing**
9. **Crystallography under extreme conditions**
10. **Crystallography of functional materials**
11. **Molecular structure and chemical properties**
12. **Molecular interaction and recognition**
13. **Dynamics, disorder, diffuse scattering**
14. **Cultural heritage**
15. **Education in crystallography**

SCHEDULE (to be confirmed)

- **ABSTRACT SUBMISSION DEADLINE:** Late May 2024
- **AUTHORS NOTIFICATION:** End June 2024
- **LATE NEWS SUBMISSION DEADLINE:** Mid July 2024
- **FINAL TECHNICAL PROGRAM:** End July 2024

MEETING AT-A-GLANCE

The Meeting will include a number of satellite events (meetings, schools, workshops) taking place immediately before and after ECM and EPDIC.

MEETING

From Monday, August 26th to Friday, August 30th: the annual meeting gathers in one place the various facets of crystallography, ranging from physics and materials engineering to mineralogy, to structural biology, and its applications in life sciences.

The strong interdisciplinarity of the technique, offers companies the opportunity to meet in a single place all those who use crystallographic techniques. The meeting will include 3 plenary lectures, 14 keynotes, 42 micro-symposia, each with invited talks and presentations from the delegates.

ECM34 interdisciplinarity is an added value as the meeting will be followed (in the same location) by EPDIC18, whose community partially overlaps with ECM.

- **INDUSTRIAL EXHIBITION** - from Monday August 26th to Friday, August 30th, 2024
- **ECM WELCOME RECEPTION** - on Monday, August 26th, 2024
- **GALA DINNER** - on Thursday, August 29th, 2024
- **ECM Closing ceremony and EPDIC Opening ceremony** - Friday, August 30th, 2024

PADOVA: A CONFERENCE-FRIENDLY CITY

- **IT IS A SAFE DESTINATION** where people can stroll around the city without risks and the city has an efficient public transport service
- **IT IS WELL CONNECTED** under all points of view. Venice International Airport is only 40 km away, with a public bus service which allows an efficient and cheap transfer. It is a crossroad for high-speed trains on the east-west route (Milano to Venice) and north-south route (Rome to Venice), with trains each half hour (two hours to Milan, three hours to Rome)
- **IT IS AFFORDABLE** to each pocket: hotel rates are reasonable and a dinner at a restaurant may start from € 25, a pizza with beer from € 15

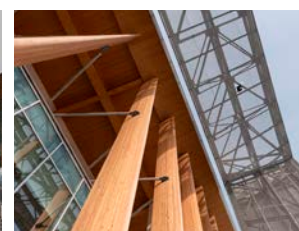

THE VENUE

PADOVA CONGRESS opened in May, 2022, to give home to the many events organized by the University, Institutions and Companies, who recognize the strength of our destination.

Padova Congress is a unique, contemporary and flexible space, an architectural gem that joins design, functionality and technology. An internationally oriented venue that can host events for up to 3,334 people, just a few steps from the vibrant historic centre of Padova.

Designed by the renowned Japanese architect Kengo Kuma, the stunning Padova Congress Centre can flexibly host a vast range of events: the modular spaces can be rearranged into tens of configurations to align with event goals. In traditional Japanese architecture, space is an extremely ductile element. Inspired by this spatial concept, the new Congress Centre has been designed as a container that can flexibly adapt and accommodate a wide variety of functions.

The two main halls are GIOTTO ROOM (1.565 seats) and MANTEGNA ROOM (988 seats), completed by common areas to host exhibitions, food & beverage functions, poster sessions.
